The stakes have never been higher:

national security, civil liberties, the
 economy, the future of the republic. Yet
 few outside Washington actually
 understand how our government and
 political system should work, much less
 how it actually operates. On one level,
 it's a complex, interlocking world veiled
 in power brokering, bureaucracy, and big
 money. On another, it's the biggest,
 richest, most influential organization in
 the world, for better or worse.

Understanding how modern America is
 managed and governed is more vital
 than ever, but television, radio,
 newspapers, and social media frequently
 aim to spin, seduce, and sell product
 rather than serve anything resembling
 the truth. Filling the breach and
 answering basic questions about how
 our very complex government operates
