Partridge Publishing
Winner of an Outstanding Academic Title Award from CHOICE Magazine
Most available cryptology books primarily focus on either mathematics or history. Breaking this mold, *Secret History: The Story of Cryptology* gives a thorough yet accessible treatment of both the mathematics and history of cryptology. Requiring minimal mathematical prerequisites, the book

presents the mathematics in sufficient detail and weaves the history throughout the chapters. In addition to the fascinating historical and political sides of cryptology, the author—a former Scholar-in-Residence at the U.S. National Security Agency (NSA) Center for Cryptologic History—includes interesting instances of codes and ciphers in

crime, literature, music, and art. Following a mainly chronological development of concepts, the book focuses on classical cryptology in the first part. It covers Greek and Viking cryptography, the Vigenère cipher, the one-time pad, transposition ciphers, Jefferson's cipher wheel, the Playfair cipher, ADFGX, matrix encryption, World War II cipher systems (including a detailed examination of Enigma), and many other classical methods introduced before World

War II. The second part of the book examines modern cryptology. The author looks at the work of Claude Shannon and the origin and current status of the NSA, including some of its Suite B algorithms such as elliptic curve cryptography and the Advanced Encryption Standard. He also details the controversy that surrounded the Data Encryption Standard and the early years of public key cryptography. The book not only provides the how-to of the Diffie-

Hellman key exchange and RSA algorithm, but also covers many attacks on the latter. Additionally, it discusses Elgamal, digital signatures, PGP, and stream ciphers and explores future directions such as quantum cryptography and DNA computing. With numerous real-world examples and extensive references, this book skillfully balances the historical aspects of cryptology with its mathematical details. It provides readers with a sound foundation in this

dynamic field.

 What Readers Are Saying:
 I just found my new book
 to talk peoples ears off
 about! I could not put this
 book down and have told
 all of my friends to get a
 copy to read. I can't wait
 for the rest of the series!!!
 It was a fun refreshing
 take on magic and

creatures. The characters
 are so captivating. I am
 glad to see a magic
 related series that is more
 female based and has
 more of the
 "Supernatural" feel to it.-
 L. Coffing Added to my
 collection of urban fantasy
 beautifully written - Tevin
 I've read other things by
 this author, but this one
 stands head and
 shoulders above the
 others! Fast paced,
 fascinating characters,
 twists and turns, loved it
 all and am so happy I
 could dive right into the
 second. Keep them

coming - don't want to go into withdrawals! – Tami Cowles This is a well-structured and exciting tale, with a magical system that any Fantasy lover would die for. This inspiring first novel shows a promising start to a series and kept a firm grasp on my attention throughout. Trials of Magic makes for an addictive read. Many times, I even found myself shouting at the characters, praying either for their safety or for them to succeed in their endeavors. A true work of

fiction with great artistic flair. There is a lot of heart embedded within these pages. Trials of Magic is a five-star read and a real credit to Mr. Thomas Carpenter. – Dax Munro TRA I've always enjoyed coming-of-age novels and this one is fantastic. It is Well written, well plotted, and gripping. The characters and plot do not let you go. -PRBC I thoroughly enjoyed reading this book. The characters are all interesting, I couldn't predict what would happen (which I LOVE),

and I can hardly wait to find out what happens next. (I also appreciate that I want more, but that the book actually ended very well, and not in a cliffhanger.) Thomas Carpenter is a new favorite author for me! – Skipperdo Loved this new book. It's amazing how real Carpenter makes this world and all the people in it. – Sharon Brigham Spratt Animalians I really love how quickly you fall head over heels for the Animalian Hall. – Yorkiemom The Animalians series is easily

one of the most enjoyable reads I have had in the past year. Filled with a relatable heroine, strong character building and equal doses of magic and action, the series starts strong and only gets better. – amazon customer This is an excellent series. Fun and amazing characters with each a great separate plot. – Zippy Inger This is one of the most amazing, spellbound series I have read in a long time. Loads of action, adventure, suspense and supernatural creatures. A

must read series!- Liza van der Pluym Gamemakers- Fast paced and spot on descriptions will keep you turning pages well into the night. If you adore Jordan and Martin, Thomas Carpenter and his Hundred Halls series are MUST READS as sci-fantasy of today! – Lynda C. If you want lots of interesting action and characters, this book has it. – J Krug LitRPG has become very formulaic as a genre. The warped Forest steps beyond those norms and explores character development

and world exploration/design in excellent ways. – Scott Reimers Stone singers I have treasured each and every one of the Hundred Halls stories. Tom Carpenter has a unique style of writing which is always brilliantly researched, detailed for easy visualization and reads like you have a master storyteller in your head. – Lynda C It's a well written, enthralling read that grabs you from the get go. The world building is incredible, the storyline, action packed and fast

paced and the characters intriguing. Thrust into a world of soul swapping, magic, music, secrets and so much more, this had me on the edge of my seat and I could not put it down. – Debbie Like all the other hundred hall series this one does not disappoint. Very unique scenarios and most unsuspecting plots. Fall in love with Minerva and follow her on her path of survival. – Liza van der Pluym

Spies, secret messages, and military intelligence have fascinated readers for centuries but never more than today, when terrorists threaten America and society depends so heavily on communications. Much of what was known about communications intelligence came first from David Kahn's pathbreaking book, *The Codebreakers*. Kahn, considered the dean of intelligence historians, is also the author of *Hitler's Spies: German Military*

Intelligence in World War II and Seizing the Enigma: The Race to Break the German U-Boat Codes, 1939-1943, among other books and articles. Kahn's latest book, *How I Discovered World War II's Greatest Spy and Other Stories of Intelligence and Code*, provides insights into the dark realm of intelligence and code that will fascinate cryptologists, intelligence personnel, and the millions interested in military history, espionage, and global affairs. It opens with Kahn

telling how he discovered the identity of the man who sold key information about Germany's Enigma machine during World War II that enabled Polish and then British codebreakers to read secret messages. Next Kahn addresses the question often asked about Pearl Harbor: since we were breaking Japan's codes, did President Roosevelt know that Japan was going to attack and let it happen to bring a reluctant nation into the war? Kahn looks into why Nazi Germany's

totalitarian intelligence was so poor, offers a theory of intelligence, explicates what Clausewitz said about intelligence, tells—on the basis of an interview with a head of Soviet codebreaking—something about Soviet Comint in the Cold War, and reveals how the Allies suppressed the second greatest secret of WWII. Providing an inside look into the efforts to gather and exploit intelligence during the past century, this book presents powerful ideas that can help guide

present and future intelligence efforts. Though stories of WWII spying and codebreaking may seem worlds apart from social media security, computer viruses, and Internet surveillance, this book offers timeless lessons that may help today's leaders avoid making the same mistakes that have helped bring at least one global power to its knees. The book includes a Foreword written by Bruce Schneier.

 GRIN Verlag

This book is a 'hidden' history of Bletchley Park during the Second World War, which explores the agency from a social and gendered perspective. It examines themes such as: the experience of wartime staff members; the town in which the agency was situated; and the cultural influences on the wartime evolution of the agency.

Department of Defense, Third Section CRC Press Seminar paper from the year 2003 in the subject English Language and Literature Studies - Literature, grade: 2, University of Kassel (Anglistik), course: W. Shakespeare - The Taming of the Shrew, 11 entries in the bibliography, language: English, abstract:

Shakespeare explores the theme of comic sexual warfare between men and women in *The Taming of the Shrew*, says Francois Laroque (1997, p. 64). Shakespeare's play consists of a frame tale which introduces two interlinked plots. The frame story deals with a poor tinker, Christopher Sly, who is found drunkenly by a nobleman. This nobleman enjoys to play a joke on the poor tinker's expense making him believe he is a nobleman with all the luxury of servants, a wife,

fine food and drink at his command. In this way, Christopher Sly comes into the joy of watching a troupe of players enact a "comedy of courtship and marriage involving two lines of action" on the order of the true nobleman. The first line of action is concerned with Katherine, the elder sister of the Minola siblings, who "is 'tamed' by a strong-willed, fortune-seeking suitor named Petruchio" (Howard, J.E., 1997, p. 133). The second, however, deals with Bianca Minola, the

younger daughter of Baptista Minola, the father of the two. She is wooed by three different adoring suitors at a time and "eventually elopes with one of them without her father's knowledge or consent." (Ibid). Catherine Bates (2002, p. 108), however, regards *The Taming of the Shrew* as being a brisk comedy which is laid on to entertain the drunken Christopher Sly. Edward Berry (2002, pp. 123-138), nevertheless, sees Katherine being the shrew who is "mocked,

abused, and tormented into submission by Petruchio (Ibid, p. 124). Edward Berry also states that "the play in which Katherine is tamed is a play within a play, performed at the request of a hunting lord, who uses it to show the beggar, Christopher Sly, how grand it is to live his kind of life"(Ibid, p. 132). [Hearings on Investigation of National Defense Establishment](#) Lulu.com This Emma Orczy collection includes the complete *Scarlet Pimpernel* series and

other historical, adventure and romance classics. Baroness Emmuska Orczy, Hungarian-born British novelist chiefly remembered as author of *The Scarlet Pimpernel*, set in the times of the French Revolution, one of the greatest popular successes of the 20th century. The only child of Baron Felix Orczy, a noted composer and conductor, she was educated in Brussels and Paris, then studied art in London. She later exhibited some of her work in the Royal Academy. She became

famous in 1905 with the publication of *The Scarlet Pimpernel*. Based on full access to official records, this text exposes the mysterious life and career of Desmond Morton, intelligence officer and personal adviser to Winston Churchill during the Second World War.

Churchill's Man of Mystery A J Walker Publishing

Chester Nimitz was an admiral's Admiral, considered by many to be the greatest naval leader of the last century. After the attack on Pearl Harbor, Nimitz assembled the forces, selected the leaders, and - as commander of all U.S. and Allied air, land, and sea forces in the Pacific Ocean - led the charge one island at a time, one battle at a time, toward victory. A brilliant strategist, he astounded contemporaries by achieving military victories against fantastic

odds, outpacing more flamboyant luminaries like General Douglas MacArthur and Admiral "Bull" Halsey. And he was there to accept, on behalf of the United States, the surrender of the Japanese aboard the battleship USS Missouri in August 1945. In this first biography in over three decades, Brayton Harris uses long-overlooked files and recently declassified documents to bring to life one of America's greatest wartime heroes. historical context to women's roles in the military

Admiral Nimitz: The Commander of the Pacific Ocean Theater

Routledge

Twenty-First Century Intelligence collects the thinking of some of the foremost experts on the future of intelligence in our new century. The essays contained in this volume are set against the backdrop of the transforming events of the September 11 terrorist attacks. Intelligence plays a

central and highly visible role in the global war on terror, and in new doctrines of global pre-emption of threats. Yet the challenges for intelligence services are great as the twenty-first century unfolds. This collection will inform and stimulate new thinking about the current strengths and weaknesses of intelligence services, and about the future paths that they may follow. Behind the controversies of the present over intelligence performance, lie critical

questions about how the past and future of an often mysterious but critical arm of the state are linked. This book was previously published as a special issue of the journal *Intelligence and National Security*. *December 1941* Simon and Schuster
After his departure from New York two years ago to meet up with his almost-fiancée, Zayne Beckett is the last person Agatha Watson wanted to stumble upon in her travels as a reporter with the New York Tribune.

Quite pathetically bedraggled, he clearly needs to be taken in hand and sent back East to his family. Although she no longer has feelings for him, Agatha realizes, by hook or by crook, she'll have to be the one to get the obstinate man home. Zayne has no desire to be taken anywhere and is prepared to drag his heels all the way home... until he finds himself slipping back into the familiar banter of his former friendship with Agatha. Once they arrive in New York, Zayne realizes

Agatha's determined nose for news has earned her a few enemies, and he hopes to repay her help with some help of his own. When she rebuffs all his attempts to prove himself a knight in shining armor, the lengths to which they'll go to win this battle of wills lead to some memorable antics. Everyone else may think them a match, but nothing could be further from the truth--until Agatha finds herself in real trouble. Have these two stubborn, too-smart-for-their-own-good people

been meant for each other all along?

1958 ABC-CLIO

An account of the dramatic turning point in World War II that marked "the dawn of American might and the struggle for supremacy in Southeast Asia" (Times Higher Education). In far-flung locations around the globe, an unparalleled sequence of international events took place between December 1 and December 12, 1941. In this riveting book, historian Evan Mawdsley explores how the story unfolded . . . On Monday, December 1, 1941, the

Japanese government made its final decision to attack Britain and America. In the following days, the Red Army launched a counterthrust in Moscow while the Japanese bombed Pearl Harbor and invaded Malaya. By December 12, Hitler had declared war on the United States, the collapse of British forces in Malaya had begun, and Hitler had secretly laid out his policy of genocide. Churchill was leaving London to meet Roosevelt as Anthony Eden arrived in Russia to discuss the

postwar world with Stalin. Combined, these occurrences brought about a “new war,” as Churchill put it, with Japan and America deeply involved and Russia resurgent. This book, a truly international history, examines the momentous happenings of December 1941 from a variety of perspectives. It shows that their significance is clearly understood only when they are viewed together. “Marks the change from a continental war into a global war in an original and interesting

way.”—The Sunday Telegraph Seven (Books of the Year) “Suspenseful . . . Mawdsley embarks on the action from the first day and never lets up in this crisp, chronological study . . . A rigorous, sharp survey of this decisive moment in the war.”—Kirkus Reviews Secret History Routledge World War II gripped Poland as it did no other country. Invaded by Germany and the USSR, it was occupied from the first day of war to the last, and then endured 44 years behind the Iron

Curtain while its wartime partners celebrated their freedom. The Eagle Unbowed tells, for the first time, the story of Poland's war in its entirety and complexity.

A warrior seeks vengeance ... an immortal is dying ... An egotistical wizard seeks a leader to defeat a new threat ... Searon loses everything meaningful in his life, except his Crimson Claymore. All he wants is revenge against the savage creatures that destroyed his family.

Searon meets an arrogant wizard who tries to get him to unite the humans and the immortal kheshlars to save the land of Calthoria from an upcoming threat. Searon wants no part of any war. Even though Searon wishes nothing more than to seek out the savage draeyks in isolation, the annoying wizard won't leave him alone. He finally relents and sets out to create alliances to fight against the warlock and the undead. Will his leadership be enough? Will the wizard ever stop

being annoying? Will Searon's need for vengeance ever be fulfilled? If you love R. A. Salvatore's action and Terry Goodkind's humor, then you won't want to pass up on this action-packed epic fantasy that combines snarky humor with a fast-paced, captivating, magic-infused adventure. Get it Now!
Air Power Penguin (Non-Classics)
In Kartania, magic can only be given to someone if they form a bond with a dragon, but there's a catch. The bond is for life.

With a powerful sorcerer rising to power and few dragonriders left, the world needs a hero. Anders lived a fairly normal life until the only family he knew was captured during Merglan's attack. With the life he knew in ruin, Anders is forced to embark on an action-packed adventure. While traveling in pursuit of his captive cousins, he discovers there is more to the world than he was told. Dragonriders, magic, orcs, goblins and more truly exist and enemies of humanity lurk around

every corner. As Anders struggles to find and save his family, he discovers an unexpected companion. The decisions he makes could secure his fate, but only if he stays on the right path. While on his journey, Anders learns of his family's involvement with a prophecy of dragons and magic. The prophecy's repercussions will determine the fate of the world, a decision that hinges on Anders' choice. Can Anders do what is necessary to save his family? Will he make the right choice and become

what Kartania needs him to be? Does he have what it takes to become a dragonrider? Bond of a Dragon is a young adult fantasy adventure series. This coming of age is a classic fantasy story great for all ages. If you like fast-paced adventure novels, fierce dragons, powerful magic, and a hero fighting for justice, then you'll love this fantastic page-turning series by A J Walker. Pick up your copy of the Bond of a Dragon series embark on this grand adventure today!

War of Wits Strelbytskyy
Multimedia Publishing
When the War of Independence ended in 1783, many doubted the ability of Americans to build a nation. Today the United States occupies a position comparable to that of Britain at the zenith of its power. Britain and America since Independence deals with Anglo-American relations in the widest sense. It shows how the transfer of

hegemony from the British Empire to the United States affected the way Britons and Americans viewed one another, and its effect on the evolving social, economic and political connections between the two countries. In spite of political separation, geographical distance, and intermittent periods of hostility, the British have never regarded Americans as 'foreigners'. Americans, in turn, have

looked to Britain as the source of their language and culture. Nevertheless, as Howard Temperley shows in this far-ranging study of the two societies, these affinities have often given rise to misunderstanding and confusion - as in the current conflict between Britain's allegiance to the 'special relationship', and America's belief that the future of Britain lies in Europe.
