Just exercise just what we give below as without difficulty as review **Brother Number One A Political Biography Of Pol Pot David P Chandler** what you later than to read!

## JAIDYN JONATHAN

### The Borderlands of Southeast Asia

Hachette UK

This book offers a critical and comparative examination of international support to political parties and party systems in emerging and prospective new democracies in several world regions. It combines the insights of a strong international grouping of leading academics and pioneering doctoral studies, and draws on extensive new field work inquiries. The wide-ranging coverage pools evidence from countries in Europe and Eurasia, Africa, East Asia and Central America. The book shows how far international support still has to go if it is to achieve its aims of helping party politics make a constructive contribution to furthering democracy. It advances our understanding both of the role the political parties are playing in the different polities and the sometimes negative impact of democracy promotion actors from outside. By contributing original theoretical perspectives and empirical findings, the book points the way forward to agendas for future research and new courses of action. It will be of interest to academics and the policy-making and practitioner communities alike. This book was published as a special issue of *Democratizations*.

**De Boekendief** Institute of Southeast Asian Studies

Nieuwspraak, Big Brother, het vocabulaire uit 1984 is in onze taal opgenomen en een eigen leven gaan leiden. De roman van George Orwell uit 1949 over de strijd van Winston Smith, ambtenaar op het ministerie van Waarheid, tegen de alles doordringende Partij, en zijn gedoemde liefde voor Julia heeft niets van zijn literaire zeggingskracht verloren. In Orwells steeds weer herdrukte anti-utopie verkeert de wereld in de wurggreep van een systeem dat is gegrondvest op de

verbreiding van angst, haat en wreedheid, en dat iedere vorm van persoonlijke vrijheid en individualiteit uitsluit. 1984 is onverminderd geldig als benauwend nauwkeurig blauwdruk van elk dictatoriaal regime.

*It Can Happen Here* Springer

The Australian Study of Politics provides the first comprehensive reference book on the history of the study of politics in Australia, whether described as political studies or political science. It focuses on Australia and on developments since WWII, also exploring the historical roots of each major subfield.

*The Social and Political Thought of George Orwell* Routledge

One of the most resilient ideas about societal development after World War II was that nations would inevitably secularise as they modernised. However, as we come to the end of the 'secular' twentieth century, it is obvious that religion continues to be an important factor in politics around the world. The author examines the continuing importance of religion, focusing upon the regions of Europe, the Americas, Africa, and Asia.

**Vaarwel broer** Cornell University Press  
A unique focus on the relationship between religion and political culture in the Third World using a comparative and thematic approach. Specific issues of religion-politics interaction in the Third World in recent times include: the rise of Islamic fundamentalist groups throughout the Middle East and other parts of the Muslim world; the political effects of the decline of Catholicism and the rapid growth of Protestant evangelical sects in Latin America; communal conflict between Hindu nationalist groups, and the politicisation of Buddhism in South East Asia. The common effect of such developments is to challenge existing forms of relationship between states and

societies with religion used as a political resource.

### World Terrorism: An Encyclopedia of Political Violence from Ancient Times to the Post-9/11 Era

Psychology Press  
Describes and analyses the propaganda and violence of the four Cambodian parties to the 1991 Paris peace agreements. This volume explores Cambodia during the UNTAC period and sets the events within the larger context of Khmer politics, history and culture.

### The Killing of Cambodia: Geography, Genocide and the Unmaking of Space

Springer  
'An outstanding book of astonishing power . . . One finishes it with an ache in the heart' Jon Swain, writer and foreign correspondent, author of *River of Time*  
'Like Auschwitz, like Stalin's purges, the mass murders of the Khmer Rouge are one of those extraordinary events that make us wonder about the human capacity for evil. Through a profoundly moving tale that weaves together the connected stories of a victim, his surviving family, and members of the regime, Robert Carmichael brings us into the heart of the darkness that took over Cambodia, bringing it alive in the way no mere statistics can. I've not seen a comparable book about these horrors.' Adam Hochschild, award-winning author of *King Leopold's Ghost*  
'What does it mean to say two million people lost their lives during the years of Khmer Rouge rule? The true answer can only be told in microcosm, as Robert Carmichael has done in this intimate and heartbreaking story of the disappearance of one man, and the decades of suffering that followed as his family searched for answers.' Seth Mydans, former Southeast Asia correspondent for the *New York Times*  
'As moving as it is well researched. Robert Carmichael's sharp prose and depth of knowledge of Cambodia's history

transforms a daughter's search for her missing father into a nation's journey to find peace and reconciliation with its brutal history of genocide.' Loung Ung, author of *First They Killed My Father* During the Khmer Rouge's four-year reign of terror, two million people died in Cambodia. In describing one family's quest to learn their husband's and father's fate and the war crimes trial of Comrade Duch, who ran the notorious S-21 prison in Phnom Penh, *When the Clouds Fell from the Sky* illuminates the tragedy of a nation. Having been found responsible for the deaths of more than 12,000 people, Duch was the first Khmer Rouge member to be jailed for crimes committed during Pol Pot's catastrophic 1975-9 rule during which millions were executed or died from starvation, illness and overwork. The Khmer Rouge closed Cambodia's borders, barred all communication with the outside world and sought to turn the clock back to Year Zero. They outlawed religion, markets, money, education and even the concept of family. But the revolution soon imploded, driven to destruction by the incompetence and paranoia of the leadership. Like hundreds of others, when he returned in 1977, Ouk Ket was utterly unaware of the terrors being wrought in the revolution's name. Carmichael has woven together the stories of five people whose lives intersected to traumatic effect: Duch; Ket's daughter, Neary, who was just two when her father disappeared; Ouk Ket himself; Ket's French wife, Martine; and Ket's cousin, Sady, who never left Cambodia and still lives there today. Through these personal stories and months spent following Duch's trial, Carmichael extrapolates from the experience of one man to tell the story of a nation. In doing so, he reaffirms the value of the individual, countering the Khmer Rouge's nihilistic maxim that: 'To keep you is no benefit, to destroy you is no loss.'

#### **Globalisering, groei en ontwikkeling**

Bezige Bij b.v., Uitgeverij De

A RUSA 2007 Outstanding Reference Title  
The Encyclopedia of the Developing World is a comprehensive work on the historical and current status of developing countries. Containing more than 750 entries, the Encyclopedia encompasses primarily the years since 1945 and defines development broadly, addressing not only economics but also civil society and social progress. Entries cover the most important theories and measurements of development; relate historical events, movements, and concepts to development both internationally and regionally where applicable; examine the contributions of

the most important persons and organizations; and detail the progress made within geographic regions and by individual countries.

*Why Vietnam Invaded Cambodia*  
Routledge

A renowned expert on genocide argues that there is a real risk of violent atrocities happening in the United States If many people were shocked by Donald Trump's 2016 election, many more were stunned when, months later, white supremacists took to the streets of Charlottesville, Virginia, chanting "Blood and Soil" and "Jews will not replace us!" Like Trump, the Charlottesville marchers were dismissed as aberrations—crazed extremists who did not represent the real US. *It Can Happen Here* demonstrates that, rather than being exceptional, such white power extremism and the violent atrocities linked to it are a part of American history. And, alarmingly, they remain a very real threat to the US today. Alexander Hinton explains how murky politics, structural racism, the promotion of American exceptionalism, and a belief that the US has achieved a color-blind society have diverted attention from the deep roots of white supremacist violence in the US's brutal past. Drawing on his years of research and teaching on mass violence, Hinton details the warning signs of impending genocide and atrocity crimes, the tools used by ideologues to fan the flames of hate, the origins of the far-right extremist ideas of white genocide and replacement, and the shocking ways in which "us" versus "them" violence is supported by racist institutions and policies. *It Can Happen Here* is an essential new assessment of the dangers of contemporary white power extremism in the United States. While revealing the threat of genocide and atrocity crimes that loom over the country, Hinton offers actions we can take to prevent it from happening, illuminating a hopeful path forward for a nation in crisis.

*Dilemmas of Reconciliation* Routledge

This volume brings together an interdisciplinary team of established and emerging scholars from the disciplines of history, political science and communication studies, to provide a historical reappraisal of Cambodia's relationships with the West. Contributors to the volume examine moments of historical import in Cambodia's history, from the sixteenth to the twenty-first century. These include Cambodia's first contacts with European mercantilism; the establishment of formal French colonialism and commercialism; British peace enforcement and diplomacy after the Second World War; independence,

modernisation and the onset of the Cold War and the United Nations peace process; and the Khmer Rouge genocide tribunal of more recent times. The result is a unique and significant new analysis of some of Cambodia's most controversial interactions with the West, demonstrating how far the West has shaped the development of Cambodia in the contemporary epoch.

Stephen Ingle is Professor at the Politics Department, University of Stirling. His main academic interests are in the relationship between politics and literature and in adversarial (two party) politics, especially in the UK.

#### **At the Edge of the Forest** NDU Press

The horrific torture and execution of hundreds of thousands of Cambodians by Pol Pot's Khmer Rouge during the 1970s is one of the century's major human disasters. David Chandler, a world-renowned historian of Cambodia, examines the Khmer Rouge phenomenon by focusing on one of its key institutions, the secret prison outside Phnom Penh known by the code name "S-21." The facility was an interrogation center where more than 14,000 "enemies" were questioned, tortured, and made to confess to counterrevolutionary crimes. Fewer than a dozen prisoners left S-21 alive. During the Democratic Kampuchea (DK) era, the existence of S-21 was known only to those inside it and a few high-ranking Khmer Rouge officials. When invading Vietnamese troops discovered the prison in 1979, murdered bodies lay strewn about and instruments of torture were still in place. An extensive archive containing photographs of victims, cadre notebooks, and DK publications was also found. Chandler utilizes evidence from the S-21 archive as well as materials that have surfaced elsewhere in Phnom Penh. He also interviews survivors of S-21 and former workers from the prison. Documenting the violence and terror that took place within S-21 is only part of Chandler's story. Equally important is his attempt to understand what happened there in terms that might be useful to survivors, historians, and the rest of us. Chandler discusses the "culture of obedience" and its attendant dehumanization, citing parallels between the Khmer Rouge executions and the Moscow Show Trials of the 1930s, Nazi genocide, Indonesian massacres in 1965-66, the Argentine military's use of torture in the 1970s, and the recent mass killings in Bosnia and Rwanda. In each of these instances, Chandler shows how

turning victims into "others" in a manner that was systematically devaluing and racist made it easier to mistreat and kill them. More than a chronicle of Khmer Rouge barbarism, *Voices from S-21* is also a judicious examination of the psychological dimensions of state-sponsored terrorism that conditions human beings to commit acts of unspeakable brutality.

**The Political Economy of Asian Transition from Communism** Stanford University Press

Inspired by David Chandler's groundbreaking work on Cambodian attempts to find order in the aftermath of turmoil, these essays explore Cambodian history using a rich variety of sources that cast light on Khmer perceptions of violence, wildness, and order, examining the "forest" and cultured space, and the fraught "edge" where they meet.

*Brothers in Arms* Univ of California Press  
How can bitter enemies who have inflicted unspeakable acts of cruelty on each other live together in peace? At a time in history when most organized violence consists of civil wars and when nations resort to genocidal policies, when horrendous numbers of civilians have been murdered, raped, or expelled from their homes, this book explores the possibility of forgiveness. The contributors to this book draw upon the insights of history, political science, philosophy, and psychology to examine the trauma left in the wake of such actions, using, as examples, numerous case studies from the Holocaust, Russia, Cambodia, Guatemala, South Africa, and even Canada. They consider the fundamental psychological and philosophical issues that have to be confronted, offer insights about measures that can be taken to facilitate healing, and summarize what has been learned from previous struggles. *Dilemmas of Reconciliation* is a pioneering effort that explores the extraordinary challenges that must be faced in the aftermath of genocide or barbarous civil wars. How these challenges of reconciliation are faced and resolved will affect not only the victims' ability to go on with their lives but will impact regional stability and, ultimately, world peace.

**Borderlands of Southeast Asia: Geopolitics, Terrorism, and Globalization** Rutgers University Press  
Since the 1980s, an array of legal and non-legal practices—labeled Transitional Justice—has been developed to support post-repressive, post-authoritarian, and post-conflict societies in dealing with their traumatic past. In *Understanding the Age of Transitional Justice*, the contributors

analyze the processes, products, and efficacy of a number of transitional justice mechanisms and look at how genocide, mass political violence, and historical injustices are being institutionally addressed. They invite readers to speculate on what (else) the transcripts produced by these institutions tell us about the past and the present, calling attention to the influence of implicit history conveyed in the narratives that have gained an audience through international criminal tribunals, trials, and truth commissions. Nanci Adler has gathered leading specialists to scrutinize the responses to and effects of violent pasts that provide new perspectives for understanding and applying transitional justice mechanisms in an effort to stop the recycling of old repressions into new ones. *Brother Number One* Routledge  
Duitsland, 1939. Liesel is pas negen jaar oud wanneer ze door haar moeder naar een pleeggezin wordt gebracht. Een van haar geliefde bezittingen is een zwart boekje, dat ze vond op het graf van haar broertje. In de jaren dat Liesel bij de Hubermanns woont, wordt ze een gewiekste boekendief. Tijdens de verwoestende bombardementen klampt ze zich in de schuilkelder vast aan haar schatten. Dit is een verhaal over moed, vriendschap, liefde en overleven, dood en verdriet, verteld door de ogen van de Dood, een toepasselijke verteller. Maar zal hij haar ook sparen? De boekendief is een imponerende oorlogsroman en verdient een plaats naast *Het dagboek van Anne Frank*. 'Zó mooi geschreven. Hoe kan De boekendief géén succes worden?' De Volkskrant 'Dit is het soort boek dat je leven kan veranderen.' The New York Times

**The Black Book of Communism** McFarland

In this substantial and referenced study, nine leading scholars present from inside the history, society, geography, economy and governmental institutions of each of the 10 ASEAN countries (Brunei, Cambodia, Indonesia, Laos, Malaysia, Myanmar, Philippines, Singapore, Thailand, and Vietnam).

*The Oxford Companion to Comparative Politics* Routledge

Discusses international affairs, political institutions and leaders, historical development, and sources of political change and conflict throughout the world.

**Illiberal Transitional Justice and the Extraordinary Chambers in the Courts of Cambodia** Garant

This book illustrates the limits to the 1990s UNTAC peacekeeping intervention in Cambodia and raises a critical challenge

to the assumptions underpinning key tenets of the 'Liberal Project' as a mechanism for resolving complex, severe struggles for elite political power in developing countries. The book highlights the limitations of externally imposed power-sharing. In the case of Cambodia, the imagined effect was a coalition that would share power democratically. However, this approach was appropriate only for resolving the superpower conflict that had created Cambodia's war. Rather than bringing long-term peace to Cambodia, Roberts argues, it created the temporary illusion of a democratic system that in fact recreated the military conflict and housed it in a superficial coalition. The book challenges assumptions regarding the inevitability of the globalization of liberalism as a means of ordering non-western societies. It explains the failure of democratic transition in terms of the impropriety and weakness of the plan which preceded it, and in terms of the elite's traditional reliance on absolutism and resistance to the concept of 'Opposition'.

*Terrorist Groups and the New Tribalism* Routledge

"Excellent and absorbing.... Indispensable to any attempt to understand the Khmer Rouge." -William Shawcross New York Review of Books "A dramatic account of Pol Pot's rise to power in 1975 and his direction of Cambodia's autogenocide.... David Chandler has given us an absorbing and authoritative portrait of Brother Number One and a fascinating insight into Cambodia's cruel history." —Frederick Z. Brown New York Times Book Review "This first biography of Pol Pot is valuable not just for what it tells us about Cambodia's past, but for helping us understand the present and perhaps predict the future.... Superbly written, pioneering work. Chandler makes up for the paucity of details about Pol Pot's life by painting a rich tableau of his times and setting out the historical context of his policies.... The only plausible portrait of the man whose gentle persona and brutal actions remain an enduring paradox." -Nayan Chanda Far Eastern Economic Review "This book is particularly welcome. Although a work of scholarship, [it] has the fast pace of a thriller.... [Chandler's] analysis rings true, and he has no ideological axe to grind; he is willing to go where the evidence takes him." -Asian Wall Street Journal Weekly "Chandler's gracefully written biography of the enigmatic revolutionary of this century, Saloth Sar (alias Pol Pot), deserves wide readership.... Chandler successfully walks a fine line, condemning Pol Pot and all his works, but trying to

understand what motivates him....  
 Recommended without reservation." -  
 Choice "No biographer could hope for a  
 more elusive or enigmatic subject than Pol  
 Pot. From interviews and extensive  
 research, Chandler pieces together a  
 riveting account of the life of this

inaccessible man who was alternately mild  
 mannered, cultivated, and genocidal....  
 Highly recommended." -Library Journal In  
 Cambodia's recent, tragic past, no figure  
 looms larger or more ominously than that  
 of Pol Pot. In this revised edition of the first  
 book-length study of the man, the  
 historian David P. Chandler throws light on

the shadowy figure of Pol Pot, illuminating  
 the ideas and behavior of this enigmatic  
 man and his entourage against the  
 background of post-World War II events,  
 providing a key to understanding this  
 horrific, pivotal period of Cambodian  
 history.
