Chanakya's numerous sayings on life and living — popularized in the wake of his successful strategy to put Chandragupta Maurya on the throne, if legend is to be believed — have been compiled in numerous collections and anthologies over time. This entire corpus was referred to as Chanakya Niti.

These aphorisms, which continue to be recalled and quoted in many parts of India, primarily deal with everyday living: with family and social surroundings, friends and enemies, wealth and knowledge, and the inevitable end of everything. They also advise on the good and bad in life, proper and improper conduct, and how to manage many difficult situations. A.N.D. Haksar's wonderful translation also places this work into context, showing how these verses have endured in the popular imagination for so long.

An extraordinary detailed manual on statecraft and the science of living by one of classical India's greatest minds; Kautilya; also known as Chanakya and Vishnugupta; wrote the Arthashastra not later than 150 AD though the date has not been conclusively established. Legend has it that he was either a Brahmin from Kerala or from north India; however; it is certain that Kautilya was the man who destroyed the Nanda dynasty and installed Chandragupta Maurya as the King of Magadha. A master strategist who was well-versed in the Vedas and adept at creating intrigues and devising political stratagems; Kautilya's genius is reflected in his Arthashastra which is the most comprehensive treatise of statecraft of classical times. The text contains fifteen books which cover numerous topics viz.; the King; a complete code of law; foreign policy; secret and occult practices and so on. The Arthashastra is written mainly in prose but also incorporates 380 shlokas. Artha;

literally wealth; is one of four supreme aims prescribed by Hindu tradition. However; it has a much wider significance and the material well-being of individuals is just a part of it. In accordance with this; Kautilya's Arthashastra maintains that the state or government of a country has a vital role to play in maintaining the material status of both the nation and its people. Therefore; a significant part of the Arthashastra has to do with the science of economics. When it deals with the science of politics; the Arthashastra describes in detail the art of government in its widest sense—the maintenance of law and order as also of an efficient administrative machinery.
