Numenera is a science fantasy roleplaying game set in the far distant future. Humanity lives amid the remnants of eight great civilizations that have risen and fallen on Earth. These are the people of the Ninth World. This new world is filled with remnants of all the former worlds: bits of nanotechnology, the dataweb threaded among still-orbiting satellites, bio-engineered creatures, and myriad strange and wondrous devices. These remnants have become known as the numenera. Player characters explore this world of mystery and danger to find these leftover artifacts of the past, not to dwell upon the old ways, but to help forge their new destinies, utilizing the so-called 'magic' of the past to create a promising future. Numenera: Character Options is a supplement for Numenera and provides new options for Numenera characters. In addition to new descriptors and foci, Numenera: Character Options offers new mutations, new non-human races, new esoterics, new fighting moves, and new tricks of the trade. It also introduces new kinds of descriptors, expanding the concept to include character origins and negative traits, along with new rules for customizing characters, switching descriptors and foci, and more!

'Janey is like a whirlwind of selflessness. A beautiful spirit in a beautiful country doing a beautiful thing. I encourage my children to be more 'Janey'. With more positive spirits like Janey, the world would be a better place.' - Ben Fogle In 2014 and in her mid-twenties, Janey Lowes had been a vet for just two years when she left her home in County Durham and went

travelling. Visiting Sri Lanka, she was horrified to see the state of so many of the island's dogs, in particular the three million strays. Over 5,000 miles from home, Janey decided there and then that she was going to move to the island indefinitely and do everything within her power to help them. She raised £10,000 to get started, setting up a charity called WECare Worldwide, and began work. Frightened, determined and excited all at the same time, she found a local who was willing to work with her and began scouring the streets for dogs in need. Some she patched up as best she could at the roadside, others she brought back and treated in a make-shift surgery she had cobbled together in her new home. With very little equipment, she and her small team came up with new and ingenious ways to treat the animals. In this highly inspiring and heartfelt book full of challenges and adventure, Janey introduces us to her world and the tireless work she carries out. As she says, 'I feel as though all these dogs are my dogs and I have a responsibility to them.' In it, we meet many of the colourful characters who have come to offer help, along with innumerable street dogs who have suffered all sorts of trauma and injury, only to be scooped up by Janey and her team and saved.
